

Name: _____

Date: _____

Solve each problem. Show your work in the box.

Write your final answer on the answer line (or in the blanks shown).

Use the strategies you learned in Lesson 5.07.03.

1 Area of a Triangle

Find the area of a triangle with a base of 8 cm and a height of 6 cm.

Area: _____

2 Area of a Triangle

A triangle has a base of 10 in. and a height of 7 in. What is the area?

Area: _____

3 Find the Missing Dimension

A triangle has an area of 30 square centimeters and a base of 12 cm.

What is the height? Show your work.

Height: _____

4 Applied

A triangular garden has a base of 9 feet and a height of 4 feet.

How many square feet of soil does the garden need? Show your work.

Answer: _____

5 Reasoning

A rectangle and a triangle share the same base and height. Explain why the triangle's area is exactly half the rectangle's area. You may draw a picture to support your explanation.
